MINUTES

71. RESOLVED - that the minutes of the meeting of the Audit Committee held 9 March 2010 be approved as a correct record and signed by the Chair.

SUMMARY ACTION LIST & MATTERS ARISING

72. The College report ‘Summary Action List’ was received (copy attached to the signed minutes).

Minute 3: Critical Incident Exercise. The Committee received a short summary report issued by KCC following the table-top exercise to test the College’s critical incident plan (copy attached to the signed minutes). The Committee welcomed confirmation of the positive outcomes arising from the exercise. It was noted that the table-top exercise was instead of a planned live event which could not be held due to KCC resourcing issues. It is planned to undertake a live event in the next academic year.

Minute 3: Tendering exercise for both audit services will be an agenda item at the November meeting of the Committee. The IAS agreed to confirm the name of the new partner as the current partner has been in place for 7 years.

Minute 52: Register maintenance is an agenda item.

Minute 60: The use of a pie chart in the Risk Register is an agenda item.

Minute from F&GP: The IAS to incorporate within the Audit Strategy 2010/11 a review of internal controls on the use of College credit cards.

73. It was RESOLVED to note the report and the Summary Action List.

AUDIT ROLL-FORWARD ACTION PLAN

74. The College report ‘Audit Roll-Forward Action Plan’ was received (copy attached to the signed minutes). The report confirmed that as of June 2010 there
were a total of 4 audit recommendations yet to be fully implemented, two of which were medium and two of low risk. The College report provided the Audit Committee with a summary of actions and progress being taken to complete the outstanding recommendations. All four recommendations were on schedule for completion by the agreed target date.

75. It was **RESOLVED** to note the report.

76. On ICT the Committee sought an explanation on why the recommended frequencies of ICT activities were not being met. The IAS confirmed that the recommended frequency timescales were aspirations set by ICT department and although these were not always being met assurances were given that the controls that are in place are working. The Director of Finance confirmed that the installation of the new server over the summer will improve disk management arrangements and that additional staffing resources have been put in place to cover the other issues around web management and camera recording.

77. The Committee challenged the proposed management response on the recommendation from the IAS to review the back-up procedures for MIS data. The Committee were of the view that the temporary arrangement of providing back-up off site, whilst addressing the risk of ensuring adequate back-up, creates another risk of the College being exposed to the potential loss of data off-site, even though the temporary controls include encrypting and encoding the back-up data. The Director of Finance agreed to make arrangements for additional back-up of MIS data to be on site in a different building location rather than offsite. Assurances were given to the Committee that the temporary off-site back up arrangements were only to be used until the new server is in place (forecast to be in place by the summer) and that there were additional internal back-up arrangements over and above the off-site back-up arrangements. There was no risk to the College losing its MIS data in the event of a major incident.
The Committee reviewed all other management responses against each recommendation and agreed that they were appropriate with realistic target dates for completion.

As there was a grade 1 recommendation relating to Commercial Review Floristry, it was agreed that the Director of Finance would make available a supplementary report at the next meeting on the progress made in the implementation of the agreed management response.

As part of the audit it was confirmed that work was undertaken to follow-up on recommendations made from previous visits. Of the 5 recommendations brought forward from previous visits, two have been completed to the satisfaction of the auditors.

It was RESOLVED to note the 2nd internal audit report 2009/10

INTERNAL AUDIT STRATEGY AND ANNUAL PLAN 2010/11

The Committee received the initial draft of the proposed ‘Internal Audit Strategy & Audit Plan for 2010/11’ (copy attached to the signed minutes). The initial areas proposed for audit were reviewed and it was agreed to make available at the next meeting the final confirmed audit plan for 2010/11.

The Committee agreed that agriculture should be the subject of one of the two department reviews proposed for 2010/11.

FINANCIAL STATEMENT & REGULARITY AUDIT PLAN FOR 2009/10

The FSA & Regularity Audit Plan prepared by Baker Tilly was received (copy attached to the signed minutes). The report outlined the audit areas and proposed fee structure for the audit of year-end accounts 31 July 2010. The proposed fee for 2010/11 is £18,700 compared to £17,200 for the previous year. In addition there will be a one-off fee of £1,500 in respect of audit work in relation to the College’s acquisitions in the year (Princess Christian Farm/Farm Shop).

The Committee sought confirmation that the proposed fee represented value for money. The Clerk informed the Committee that the scope of the College’s commercial activities would invariably lead to a higher fee for the auditing of the accounts. A true test of whether the fee is value for money should be an outcome from the tendering process proposed for 2010/11.

It was RESOLVED that the Audit Committee approves the Financial Statement & Regularity Audit Plan for 2009/10.

TERMELY REPORT ON RISK MANAGEMENT

The termly report on risk management was received (copy attached to the signed minutes). The Risk Register (copy attached to the signed minutes) confirmed 2 high-risks with details given on the actions being taken to minimise these risks.

As requested at the last meeting, the report provided a summary pie chart of the risks movements since the last meeting and also reported on those risks just below the score of a high level risk.
88. It was **RESOLVED** to note the termly report on Risk Management.

**FINANCE DIRECTORATE INTERNAL CONTROL SYSTEMS FRAMEWORK**

89. The report from the Finance Directorate on ‘*Internal Control Systems Framework*’ was received (copy attached to the signed minutes). To support the monitoring of College performance at an audit review level, an internal control and systems framework is used as a monitoring tool to keep the Committee informed in underlying control adherence in line with the Financial Regulations and audit best practice. The report is presented quarterly and reports on headline fiscal data covering the College’s financial position and cashflow, with operational monitoring in the three areas of income, expenditure and global.

90. The Committee **RESOLVED** to welcome and note the opinion offered in the report that the College systems control framework is in operation and working within agreed norms and that there were no issues to report to the Audit Committee.

**MONITORING OF COLLEGE PERFORMANCE & ASSESSMENT OF RISK**

91. The College report ‘*Monitoring of College Performance & Assessment of Risk*’ was received (copy attached to the signed minutes). The Board has agreed a framework for the monitoring of College performance and assessment of risk. The Audit Committee is responsible for making assessments in the area of audit. Assessments are to be carried out at each meeting of the Committee through a standing agenda item ‘*Monitoring of College Performance & Assessment of Risk*’ with an overall assessment for audit being made available to the Board.

92. The Committee noted and welcomed the assessment of ‘no concern/no risk’ made against each of the 9 audit performance indicators.

93. It was **RESOLVED** to inform the Board of the following overall assessments:
